# Jatin

jatinsaini2805@gmail.com +91 7027638908 linkedin.com/in/jatinxsaini github.com/jatinxsaini

## Professional Summary

B.E. CSE student at Chitkara University with strong foundations in DSA, OOP, DBMS, and Computer Networks, with 250+ LeetCode problems solved. Skilled in Python, Java , DSA ,JavaScript, Machine Learning, with hands-on experience developing software projects and AI-driven applications. Strong problem-solving abilities with a keen interest in software development and AI.

## Education

B.E. Computer Science & Engineering, Chitkara University 2024 – 2028
CGPA: 8.29/10

## Skills

**Technical Skills**
- **Programming:** Python, Java, C++, JavaScript
- **Core CS:** Data Structures & Algorithms, OOP, DBMS, OS, CN
- **Web & APIs:** React.js, Node.js, Express.js, Next.js, REST APIs
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Tools:** Linux, Git, GitHub
- **ML:** Machine Learning, Random Forest, Data Analysis

## Projects

**ARGUS AI — NEO RISK ASSESSMENT SYSTEM**
- Built an AI-powered NEO risk assessment platform integrating historical data and NASA APIs.
- Developed a Random Forest classification model to predict asteroid threat levels using key orbital and physical features.
- Analyzed diameter, velocity, miss distance, absolute magnitude, and hazard status to generate data-driven risk assessments.

**VOYAGE - SMART CONSULTATION PLATFORM**
- Developed a full-stack visa consultation platform providing country-specific visa guidance, eligibility, and document requirements.
- Built scalable backend services using Node.js, Express.js, PostgreSQL, and Prisma ORM.
- Implemented structured visa application workflows to simplify the consultation and application process.

**Automatic Number Plate Detection & Recognition System**
- Built a number plate detection system using Raspberry Pi Zero 2 W and a camera module for real-time vehicle capture.
- Implemented OCR-based recognition to extract vehicle registration numbers automatically.
- Designed the system for automated parking management and vehicle tracking.

## Experience

**ACM SOCIETY** 2024 – Present
- Managed event promotions and outreach through social media and student networks.
- Created promotional content to increase event participation.

**NSS - Contributor** 2024 – Present
- Actively contributed to NSS activities and community service initiatives, supporting social awareness and outreach programs.
- Participated in organizing and coordinating volunteer activities, demonstrating teamwork, responsibility, and leadership.

## Achievements

**Hackathons - Participant**
Participated in more than 5 hackathons.

**DICE TechInnovate 3.0**
4th Position among 50+ teams.

**Build with AI (Google) - Qualifier**
Top 40 among 750+ teams
